Seed to Stable™ Independent Agronomy Services

The Ontario Forage Processor (OFP), located in Durham, Ontario is a processor of quality forage cubes dedicated for the equine market. High quality forage is sourced through a network of contract growers primarily located within a 70 km radius of Mount Forest.

OFP is currently looking for the services of CCA Certified Agronomist/s to provide independent field inspections throughout the seeding, growing and harvest season to ensure the suitability, quality and feed safety of the forage supply for the processing plant.

Qualifications:

- Certified Agronomist
- Individuals or Firms may apply.
- Willing to become CropCo™ Certified

Primary Duties and Responsibilities:

- Check and evaluate forage fields over growing season to ensure suitability of forage for the Equine Industry.

OFP offers for the 'Independent Agronomist':

- ✓ Competitive per acre rate.
- ✓ Mileage Rate based on km driven.

If you or your firm qualify to the above requests, then please feel free to address your application to the attention of OFP Human Resources at hr@ontarioforage.ca
