

# 2026-2028 Marketing and Communications Plan

November  
2025

Ontario Certified Crop Advisor Association

# 2026-2028

# Marketing and Communications Plan

ONTARIO CERTIFIED CROP ADVISOR ASSOCIATION

## I. WHY WE EXIST

### Mission and Vision

#### **Mission**

The International Certified Crop Adviser (ICCA) Program validates the credentials of professional crop advisers by upholding standards for knowledge, experience, ethics and continuing education.

The Ontario Certified Crop Advisor Association maintains the professional standards of the certification while representing Certified Crop Advisors to Ontario agriculture.

#### **Vision Statement**

To be recognized as the highest standard of certification a trusted professional crop advisor can hold.

## II. WHAT WE ARE TRYING TO ACCOMPLISH

To determine where the CCA Marketing Committee should be setting their goals for the next two years. The Committee has decided to focus efforts on reaching the younger generation about to enter the workforce and promote the CCA designation by hosting pizza programs at colleges and universities across Ontario that have an agriculture program and/or agriculture related clubs on campus.

The Committee also wants to move their efforts to a digital platform by actively using social media to reach a broader audience and work towards education of the CCA program.

## Marketing, Communications, Recruitment and Promotion

### 1. **Goal** – Provide CCAs with an opportunity to learn and network with other CCAs.

#### Strategies and Actions

- Establish an online education/communication forum (WhatsApp group or Circles Chat) for CCAs to share and learn agronomic information.
- Revisit organizing a student poster session

### 2. **Goal** - Prioritize and formalize marketing goals and activities

#### Strategies and Actions

- Encourage new CCAs to join the Marketing Committee
- Have a formal meeting a minimum three times a year
- Update the marketing and communications plan setting out activities for the next three years (2025 to 2028).

### 3. **Goal** - Enhance the profile and awareness of CCAs and the certification program with growers.

#### Strategies and Actions

- Pitch co-branding opportunities with employers and different retailers.

### 4. **Goal** – Raise awareness of the CCA certification program with potential new CCAs.

#### Strategies and Actions

- Visit three to six colleges or universities every year to speak about the CCA designation and the process of becoming a CCA. This includes the pizza nights at agricultural post-secondary schools.
- Investigate opportunities to speak at non-agricultural schools, e.g., business programs.

### 5. **Goal** – Support CCAs to maintain their certification.

#### Strategies and Actions

- Continue to promote the Emerging Leader recognition.
